N° 50/20 C/MINESEC/CAB

PRESS RELEASE

The Minister of Secondary Education advises the teachers of secondary schools not to overwork the students by giving them too many assignments.

In accordance with the note of the General Inspector of Education, the areas that need emphasising are practicals, tutorials and integrative work. Therefore, allow the students to prepare and await their final exams with a cool head.

Nalova Lyonga, Ph.D
Minister of Secondary Education
